

FunLite™

By HI-LO

Lightweight 21 ft. Telescoping Travel Trailer

Hi-Lo, the leader in telescoping travel trailers for over 30 years, is pleased to introduce the all new FunLite.

The FunLite is LIGHTWEIGHT (2600 lbs. self-contained), BEAUTIFUL AND DURABLE. Most important it is SAFE and EASY to tow because it telescopes down to a low profile for safe and easy travel.

The FunLite can be towed by most small trucks and many mid and full size cars. It's fuel efficient and aerodynamic.

Enjoy fast 12 second hydraulic lifting with Hi-Lo's patented, proven hydraulic lift system. No more inconvenient set-up and take-down of tent campers. No more cold nights as the FunLite is insulated with laminated Fome-Cor.

RELAX with all the comforts and security of a travel trailer and towability benefits of a tent camper. Plush, easy-to-care-for fabrics, scuff resistant cushioned vinyl floors and maintenance free laminated countertops make living easy in a FunLite.

Fuel efficiency, aerodynamics, lightweight, towability, safety and comfort all add up to more fun-filled adventure for you and your family.

SIX-YEAR LIMITED WARRANTY ON LIFTING SYSTEM

Hi-Lo warrants to the original purchaser that it will replace any part of your Funlite hydraulic lifting system (excluding the battery) which becomes broken or inoperative due to defects in material or workmanship within six years from date of original purchase.

In addition, Hi-Lo warrants that it will repair or replace any part of your Funlite travel trailer found to be defective due to defects in material or workmanship within 12 months from date of original purchase. (Components such as tires, battery, plumbing & electrical fixtures, refrigerator, range, etc. are subject to separate warranties issued by other manufacturers.)

Ask your dealer for complete details of Funlite warranties.
